**ADMINISTRATIVE LAW JUDGE'S RULING
SOLICITING COMMENTS ON APPLICATION OF
INTERIM PORT DISCOUNT TO ALL PORT TYPES**

On May 16, 2002, the Commission issued Decision (D.) 02-05-042 adopting interim discounts to unbundled loop and switching rates for Pacific Bell Telephone Company. Ordering Paragraph 7 of the decision instructed the Administrative Law Judge to issue a ruling soliciting further comments on application of the 69.4% interim port discount adopted in that order to not only the basic (2-wire) port, but all other port types.

Therefore, this ruling requests comments on whether it is appropriate for the Commission to apply the interim port discount of 69.4% to all port types listed in Appendix A of D.99-11-050 in addition to the 2-wire port.¹

Accordingly, **IT IS RULED** that:

1. Parties may file and serve comments on the issue described in this ruling no later than June 4, 2002. Comments should be limited to 25 pages.

2. Parties may file and serve reply comments, limited to 15 pages, no later than June 11.

3. In addition to regular service, parties should serve their comments electronically to ALJ Duda at dot@cpuc.ca.gov by the dates noted above as well as to the service list for the proceeding listed on the Commission's web site.

Dated May 20, 2002, at San Francisco, California.
